

## Fleet 5 at its BEST

Saturday, July 19, Joe and I were honored to assist John and Linda Reilly and several other Fleet 5 members with SCAP, *Sail Connecticut Access Program*. Fleet 5 provided the hotdogs and hamburgers and the members did the cooking and assisted the guests when needed. Some Fleet 5 members even got to go for a sail.

SCAP is a recreational sailing program for people with disabilities and special needs along the Connecticut shoreline. Three sailboats have been specially adapted to provide sailing experiences to people with all manner of physical and developmental disabilities. Dockside Hoyer lifts are available for easy transfers on and off the sailboats for the sailors who need help.

Thank you to John and Linda Reilly for making us aware of this tremendous organization. And thank you to the Fleet 5 members who were able to attend: Marilyn & Bob Clark, Jim & Melissa Meador, Frank Strafacci & his daughter Ariella.

Joanne & Joe Albano
